

Safety in Home by Year 3

Clean up any spills immediately.

Always keep drinks away from electrical devices – you could get an electric shock.

Grown up's should change light bulbs.

Do not play with matches or lighters as it dangerous and could start a fire.

If there is a fire, get out of the house and stay out until the fire brigade have dealt with the fire.

Pot handles must be turned away from the front of the stove as it stops children from grabbing them and adults bumping into them and knocking it over. You could get burnt.

Do not have leads for appliances all over the place as you could trip over them and hurt yourself.

Do not leave the kitchen when cooking food.

Call 999 for the emergency services.

Smoke alarms saves lives. Get them checked regularly.
