L.O: To tell a story.
S.C: I am learning to understand the responce of David and Samuel to being called.

Dear Diary,
I've woken up with the birds tweeting and the roosters crowing and I'm feeling the refreshing breeze as well as the delightful scent of bread travelling to my bedroom that my older brother made but I remember it was my job to take care of the sheeps so I unwantingly got out of bed but then I repelled because I felt something was missing. I thought hard and long about it then I quietly started doing my morning prayer saying Lord be with me this day I humbly pray that my earthly joys may come away and that I may not decieve you. Amen. Then for the second time this morning I jumped out of bed and travelled downstairs to the farm, where it no longer smelt the pure bread but the disgraceful sheep poo. I took of my sandle and put on my tattred goat-chewed and spit on shoes. Then I entered the barn and did my sheep call they came but rather sleepily. I asked what was the matter curiously in a way they would understand but then I heard Jesse my father calling all my other brother and wondered why. Was it because I'm the ugliest? Maybe because I'm the silliest? I sat crossed legged feeling silly and dumbstruck but then I

SAQ: How did Samuel know there was one more son? Because God told him.

In Year 4, the children read about the story of David and Samuel, after that they had a whole class discussion about how you feel when you have been called, and they wrote a diary retelling the story.

I worked in a group and we did a percussion and I was singing and the rest of the group was either clapping stumping or dancing. I really enjoyed preform it because first of all I was frozen and forgot the song so I restarted and the class started clapping along.

Year 4 created a drama and dance about spreading the Good News of God. They enjoyed creating a dance about the importance of God's friendship.

1. We can learn that the blessed Mary was chosen among all women. This is so important that an angel from God came to Mary to tell her the good news.

2. These images inspire me because it is really looks realistick and it really shows me how important the Annunciation is.

3. We can learn that Mary was really scared and was not expecting Gods messengers to visit her.

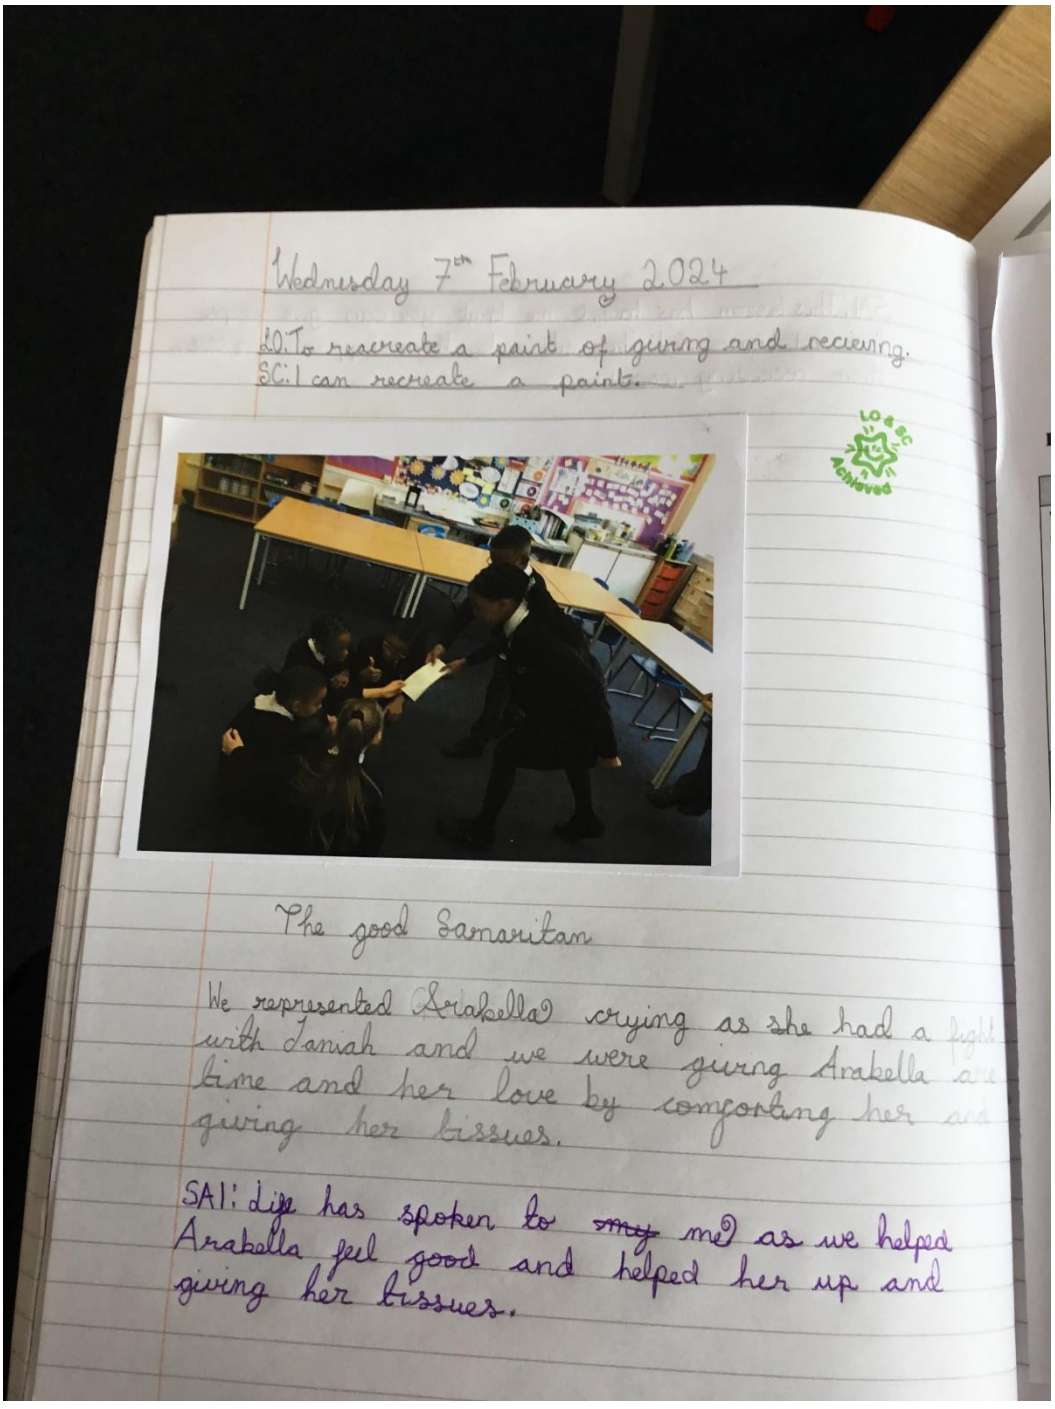

It helps me understand that Mary wasn't expecting this to happen because she was meek and didn't know a special angel was going to visit her. So it shows Mary is meek.

These pictures make me feel that Mary is great and is holy because they are making lots of hard worked paintings for her.

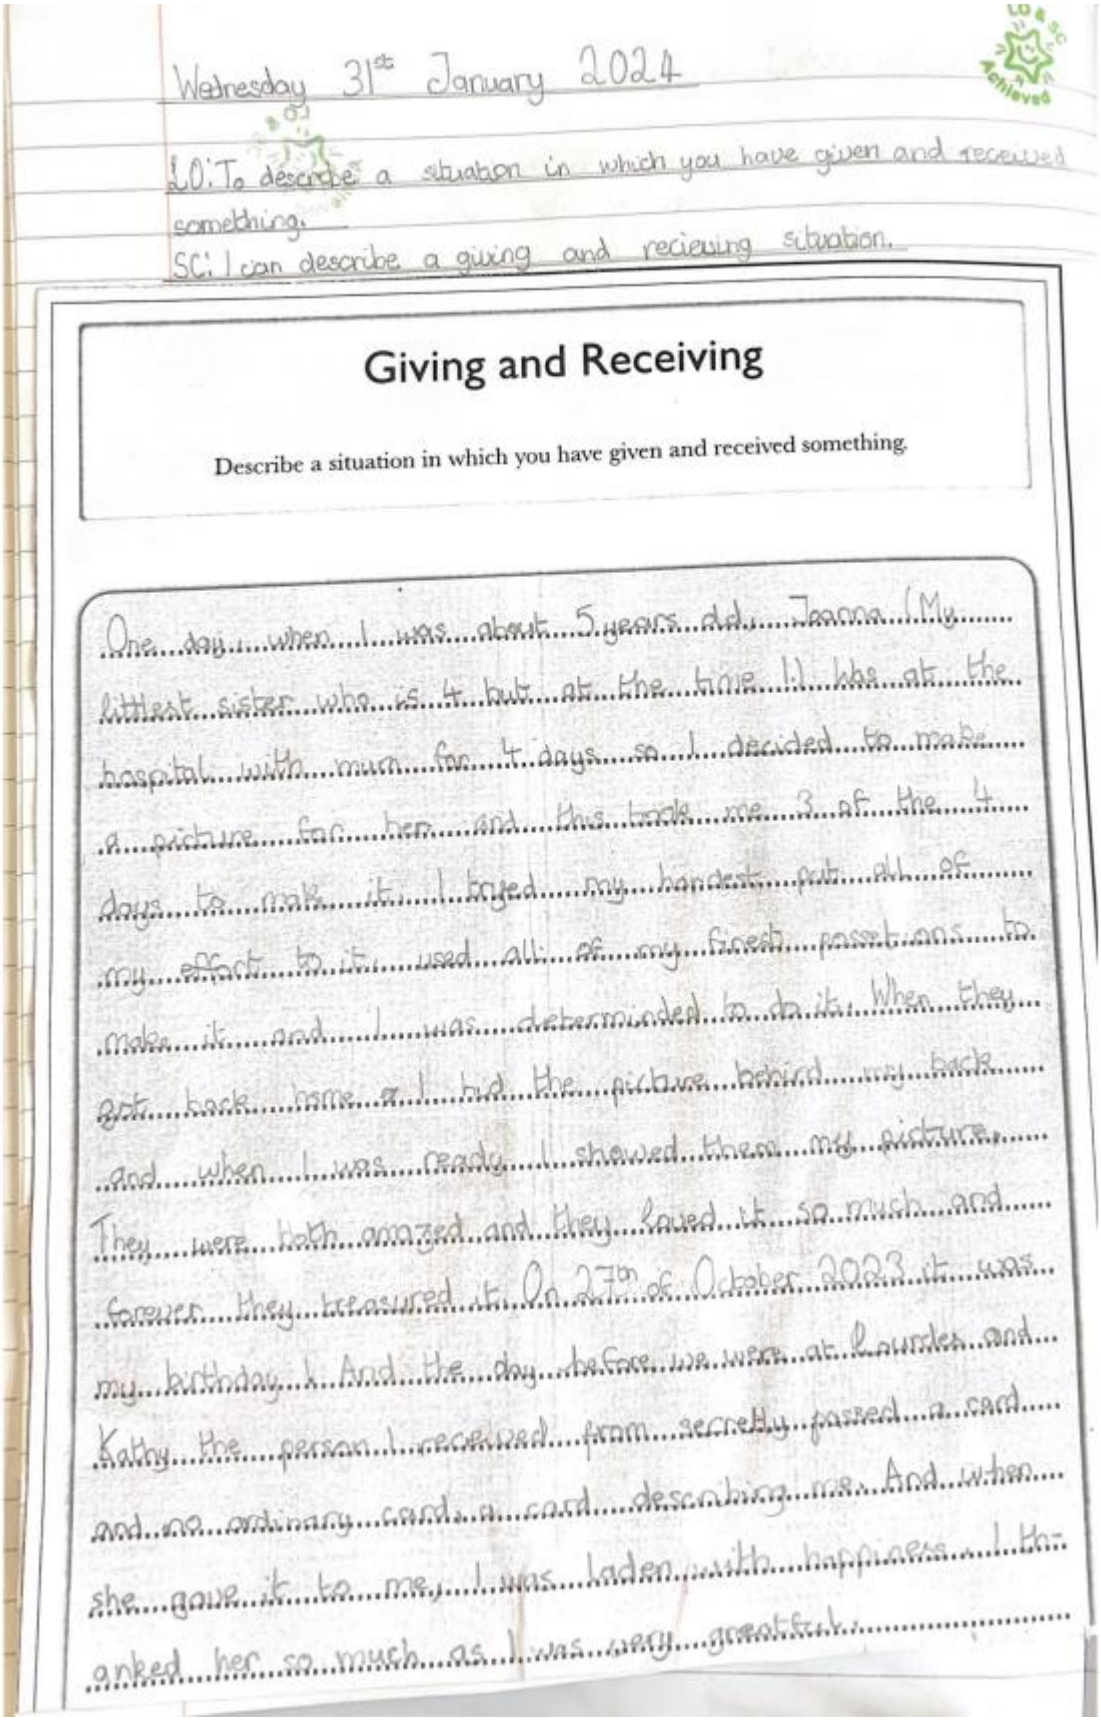

I prefere the third picture because it show that she is great and holy as she is surounded by special people and is encrowned by a crown and there is a dove which resembles peace

SA4: Mary has helped me understand this topic by showing us the way the Annunciation has happened and guided us and

Giving and Receiving

Year 4 worked in groups and recreated a freeze frame about the Good Samaritan based on their topic of giving and receiving.

Wednesday 31st January 2024

LO: To describe a situation in which you have given and received something.

SC: I can describe a giving and recieving situation.

Giving and Receiving

Describe a situation in which you have given and received something.

One day when I was about 5 years old, Joanna (My littlest sister who is 4 but at the time I) was at the hospital with mum for 4 days so I decided to make a picture for her and this took me 3 of the 4 days to make it. I toyed my hardest put all of my effort to it. used all of my finest possessions to make it and I was determined to do it. When they got back home a I hid the picture behind my back and when I was ready I showed them my picture. They were both amazed and they loved it so much and forever they treasured it. On 27th of October 2023 it was my birthday k. And the day before we were at Launder and Kathy the person I received from secretly passed a card and no ordinary card a card describing me. And when she gave it to me, I was laden with happiness I thanked her so much as I was very grateful

In Year 4, they tried to connect a personal situation with their RE topic where they had given something to someone, and a situation when they received something.
